## Meet the New Town Manager!

### Bethany DeBussy

Bethany has over ten years of experience working with small businesses and public entities to build strong, better operations with a community focus. For the past five years, she has worked with the Town of Frederica, utilizing creative problem solving to modernize, revitalize, and unite community agencies with needed resources. Her numerous projects include systematically revamping each department, developing improved policies and procedures, identifying and securing grants and programs to tackle problem areas within the town, updating core elements of the town's code, personnel policy and comprehensive plan, and working with the county and other community partners to develop a master plan in preparation for future growth. In the nonprofit sector, she also worked for the last several years with Delaware Public Media where she was the lead in business operations, donor relations, and event management. Prior to entering the public sector, she worked with small businesses in management, accounting, and payroll administration to restructure, reorganize, and grow. She is currently working on her Master's in Public Administration from the University of Delaware and will graduate after her capstone this fall.
